

Report to the Kentucky Library Association Board  
Member Services Committee  
Lexington, Kentucky  
September 11, 2013

Three sessions were presented this Summer as part of the KLA Professional Development/Continuing Education program. The combined attendance for all three sessions was 33 participants.

A recording of each session was posted to the KLA Webinar page.

Information about the program and a call for presenters was submitted to and published in the August issue of IN-FO-CUS.

We still need an additional organizer license for the GotoWebinar software. The organizer is the only person who can schedule and run webinars. We need to have at least one backup organizer who can help with this program, should the current Member Services chair be unavailable. This will require a) purchasing another organizer license and b) assigning another board member (or committee member) to learn and be responsible for helping with the software.

Respectfully submitted,

Betsy Hughes, Chair  
Member Services Committee
